

## Street Works UK: Publications Volume 3 – Street Works UK Guidelines on the Management of Third-Party Cable Ducting

Issue 2: 2026

### Who are Street Works UK?

Street Works UK is the trade association representing utilities and their contractors on all street works issues. Our membership comprises around 70 companies across all five utilities: water, wastewater, gas, electricity and telecoms/broadband. Our members include leading utility companies like Cadent Gas, United Utilities, National Grid, Virgin Media O2 and Openreach, with strong representation also within the devolved nations. On average the annual collective capital investment by our members in the UK is £14 billion.

### Summary:

*“The preceding guidance, issued in 2007, has been reassessed by the working group, who have determined that contemporary industry methodologies and operational practices have undergone substantial development and enhancement.”*

### Recommendations:

*“Please engage with the relevant utility asset owners to ensure adherence to their best practices for the management of their ducting. Effective and timely communication is essential to resolving any issues encountered.”*
